Dear Dr. Pratik Jindal,

Thank you for opting in to *In Review* from Springer Nature when you submitted your manuscript "A COMPARATIVE STUDY OF IMAGE COMPRESSION TECHNIQUES ACROSS TRADITIONAL AND MODERN FORMATS" to Signal, Image and Video Processing.

[In Review](#) is a free service that posts your manuscript publicly and permanently to the preprint server Research Square and lets you track the status of your manuscript during the peer review process with a peer review timeline.

Preprints submitted via the *In Review* service must first pass the journal's quality check. Once this check is complete, [Research Square](#) begins screening the manuscript for [preprint suitability](#). Manuscripts that pass screening are formatted, assigned a DOI, and publicly posted under a CC-BY 4.0 license typically within 72 business hours. *Processing times may vary based on demand and other factors. However, if you would like to preprint right away, [log in](#) to Research Square and select "Post my preprint".

If you did not intend to opt in to *In Review* and would like to cancel your preprint, please [log in](#) to Research Square to opt out as soon as possible. Once your preprint is posted, you will no longer be able to have it removed.

For questions about your preprint or the *In Review* service, you can visit our [Help Center](#) or [contact Research Square](#).

Sincerely,

Springer Nature
